#Niedchat

23-Nov-11 20:37 | daithimurray

@dmchugh675 I am subscribed to quite a lot of technology focused blogs and forums. I also use Skype and attend ICT conferences. #niedchat

23-Nov-11 20:37 | ict4mfl

There are two types of sharing the formal - Inset /staff meetings but IMO informal can be richer and the can take place anywhere! #NIEdchat

23-Nov-11 20:38 | medv2

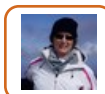

@daithimurray thanks for the link. All links will be shared on the blog summary of this chat. #Niedchat

23-Nov-11 20:38 | dmchugh675

@medv2 informal is getting a lot harder. Staffrooms aint what they used to be! #Niedchat

23-Nov-11 20:39 | dmchugh675

Red wine usually works for me, but then I am prob the sort of person u dont want at your party (talking Web2.0 in the corner!)#NIEdchat

23-Nov-11 20:40 | MrMalcontent

#Niedchat interesting discussion!

23-Nov-11 20:41 | JarlathTaliskar

Q2. A lot of people mention tech for CPD- blogs , forums etc. Is this the norm in your place of work or are you the exception? #Niedchat

23-Nov-11 20:42 | dmchugh675

#niedchat New HOD cluster meetings in school, whole school once per year, RTUs Leadership Programme, Irreg 'Irish Lang Teachers Org' forums

23-Nov-11 20:42 | AnGaeilgeoir1

@JarlathTaliskar Possibly swamped with meetings that have no real purpose? #niedchat

23-Nov-11 20:42 | dmchugh675

23-Nov-11 20:43 | dmchugh675

#Niedchat @daithimurray plus there's often more experience within a school staff than you're likely to find on an education board

23-Nov-11 20:43 | JarlathTaliskar

Q2 - becoming more mainstream practice in the last year or so, but lot of work still to take place to create a dynamic #Niedchat

23-Nov-11 20:43 | daithimurray

@dmchugh675 Definitely the exception! LOL. But that's something that has always been there - tech or no tech for some teachers #niedchat

23-Nov-11 20:43 | MrMalcontent

@dmchugh675 #Niedchat cheers

23-Nov-11 20:44 | JarlathTaliskar

#Niedchat wouldn't have a clue how to start blogging... Maybe something I should learn!

23-Nov-11 20:45 | JarlathTaliskar

What annoys me are those who wait to be told what to do instead of acting on initiative - something like this for example #niedchat

23-Nov-11 20:47 | MrMalcontent

@AnGaeilgeoir1 I think learnin from 'our own teachers' will increasingly become the norm, w/ cutbacks & reductions in CASS support #Niedchat

23-Nov-11 20:47 | daithimurray

@MrMalcontent #niedchat Finnish edu system very like this. Teachers continually developing 'in their own time'!

23-Nov-11 20:47 | AnGaeilgeoir1

@JarlathTaliskar Look at EduBlogs.org. They have a blogging challenge with tutorials. Check it out. :) #Niedchat

23-Nov-11 20:47 | ict4mfl

@MrMalcontent It is a weekly event. #grenade #Niedchat

23-Nov-11 20:48 | daithimurray

@medv2 I agree. We need a centralised area where info can be shared. We should think about setting something like this up. #NIEdchat

23-Nov-11 20:48 | ict4mfl

@daithimurray initially teachers resisted this but now it is to be welcomed. We are best placed to understand our own needs. #niedchat

23-Nov-11 20:48 | dmchugh675

@ict4mfl cheers will do! #Niedchat

23-Nov-11 20:48 | JarlathTaliskar

@daithimurray #niedchat Now that's a sensible cut back on expenditure!!

23-Nov-11 20:48 | AnGaeilgeoir1

#niedchat tmbelfast is a great step forward, I think we have to organise something. Inset is generally v.poor.

23-Nov-11 20:49 | dwatson802

@MrMalcontent many still see ICT as a sep taught subject rather than as a means to deliver, can be frustrating at times ;) #NIEdchat

23-Nov-11 20:49 | medv2

Is part of the problem suspicion between the different 'sectors' in our education sector? We don't trust each other, generally? #niedchat

23-Nov-11 20:49 | MrMalcontent

@JarlathTaliskar No probs. :) #Niedchat

23-Nov-11 20:49 | ict4mfl

@dwatson802 it is indeed! Well done to all concerned! #niedchat

23-Nov-11 20:49 | dmchugh675

@AnGaeilgeoir1 Yeh but once it's gone, it's gone. cnt put the genie back in bottle. I worry 4 smaller schools w/ limited resources. #Niedchat

23-Nov-11 20:49 | daithimurray

Hi al, sorry I am late #Nledchat

23-Nov-11 20:50 | amandasalt

Follow up Question....Has anyone here suggested an online forum or blogging for their school to share ideas? #niedchat

23-Nov-11 20:50 | dmchugh675

@daithimurray #niedchat point taken original suggestion gladly withdrawn. Should redirect resources in those directions instead

23-Nov-11 20:51 | AnGaeilgeoir1

@daithimurray That's #tmbelfast sorted then! #niedchat Amanda did mention this...

23-Nov-11 20:51 | MrMalcontent

@MrMalcontent I'm with u on ths 1 brother. ICT is a cliché now. More 'Digital Literacy skills development' & 'E-Learning please' #Niedchat

23-Nov-11 20:51 | daithimurray

@daithimurray #Nledchat Much more fun lol. Also prettier presenters.

23-Nov-11 20:51 | cnicaodha

23-Nov-11 20:51 | JarlathTaliskar

23-Nov-11 20:52 | AnGaeilgeoir1

#Nledchat evening. Just lurking for a bit.

23-Nov-11 20:52 | Conmeist

@JarlathTaliskar What's worse are those who nod all the way through but revert back to 'ways' as soon as they walk through door #niedchat

23-Nov-11 20:53 | MrMalcontent

@AnGaeilgeoir1 had the same experience here. Needs to be part of a whole school effort but then it loses some of it's magic! #niedchat

23-Nov-11 20:53 | dmchugh675

@daithimurray @mrmalcontent #niedchat Same everywhere 'ICT for ICT teachers I don't have the time'!!

23-Nov-11 20:53 | AnGaeilgeoir1

@Conmeist no probs...don't tell me any scores! #niedchat

23-Nov-11 20:53 | dmchugh675

@dmchugh675 have you made that suggestion in school? I did help a PS set up one for Assessment /Target setting, #NIEdchat

23-Nov-11 20:54 | medv2

@dmchugh675 have suggested a number of forums and blogs but many blank looks.. lack of interest in CPD can be frustrating #niedchat

23-Nov-11 20:54 | MrMalcontent

#Niedchat think the majority of teachers just don't enjoy technology. Major stumblin block, no?

23-Nov-11 20:55 | Conneist

#Niedchat St Cats in London Have issued grants for iPads as a pilot scheme. Now imagine that for a teacher public resource!

23-Nov-11 20:56 | JarlathTaliskar

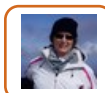

@JarlathTaliskar But teachers here were all given laptops a few years ago! #niedchat

23-Nov-11 20:56 | MrMalcontent

@dmchugh675 I am lucky that SMT generally buy into whole digital literacy thing and let me experiment etc along with others #Niedchat

23-Nov-11 20:56 | amandasalt

I would love to see this group giving Elluminate a go for a sharing session. I am keen to give it a go if anyone else up for it? #NIEdchat

23-Nov-11 20:56 | medv2

@amandasalt Same in my school. Some of best supporters of improving digital literacy are SLT colleagues. #Niedchat

23-Nov-11 20:57 | daithimurray

@MrMalcontent ...and mine just 'died' last week! 5 years old it was...bless. #niedchat

23-Nov-11 20:57 | dmchugh675

#niedchat Many teachers are 'stuck in their ways'. Despite new curriculum they just say. "I keep forgetting about those things..."

23-Nov-11 20:57 | AnGaeilgeoir1

#Niedchat We have an aspiring leaders course in school+we use a discussion forum on VLE to discuss+support all with school based projects.

23-Nov-11 20:58 | cnicaodha

@medv2 great idea Donna. Will you host it???? #niedchat

23-Nov-11 20:58 | dmchugh675

@medv2 Count me in #niedchat Going to spring it on a habitual 'sickie' pupil tomorrow! Ha! HA! #niedchat

23-Nov-11 20:58 | MrMalcontent

@AnGaeilgeoir1 It's a shame, but ur right. They're doing their students no favours & in danger of damaging their futures. #harsh #Niedchat

23-Nov-11 20:58 | daithimurray

@cnicaodha #niedchat Sounds great!

23-Nov-11 20:59 | AnGaeilgeoir1

@amandasalt We gave them out to those that wanted them or didn't have a PC at home. Otherwise - better use in classroom #niedchat

23-Nov-11 20:59 | MrMalcontent

@medv2 have never used Elluminate tho have heard of it. what is it? #Niedchat

23-Nov-11 20:59 | amandasalt

@MrMalcontent It was a big motivating factor to crowbar ICT into classrooms. #Niedchat

23-Nov-11 21:00 | daithimurray

#niedchat My experience is that forward thinking teachers are hindered by 'wait for a while' notion or worse #c2k restrictions!!

23-Nov-11 21:00 | AnGaeilgeoir1

@dmchugh675 You're doing great. Fascinating discussion tonight #Niedchat

23-Nov-11 21:01 | daithimurray

@AnGaeilgeoir1 It was for us too - no excuses for lack of tech availability. #niedchat

23-Nov-11 21:01 | MrMalcontent

@daithimurray except that that doesn't always work unless sitting out. We bought laptop trollleys with S School money .. #Niedchat

23-Nov-11 21:01 | amandasalt

@daithimurray ..and take so long to set up can be a waste if for one period #Niedchat

23-Nov-11 21:01 | amandasalt

23-Nov-11 21:02 | amandasalt

23-Nov-11 21:02 | daithimurray

@MrMalcontent huh? why have you forgotten where you left yours? LOL Sorry Damien we are an unruly lot! #NIEdchat

23-Nov-11 21:02 | medv2

PRSD generally has ICT embedded in it somewhere which can force hands a little #Niedchat

23-Nov-11 21:03 | amandasalt

23-Nov-11 21:03 | MrMalcontent

23-Nov-11 21:03 | MrMalcontent

Sorry, I am digressing #niedchat

23-Nov-11 21:04 | MrMalcontent

@amandasalt Presuming not from c2k provision LOL #niedchat

23-Nov-11 21:06 | MrMalcontent

@dmchugh675 I think the SD is more effective than the PR. That keeps me happy. #Niedchat

23-Nov-11 21:06 | daithimurray

@MrMalcontent hmm, no, ours didn't buy into #c2k grey filtering possibilty #Niedchat

23-Nov-11 21:07 | amandasalt

I think PRSD should give teachers achievable goals but also means that it has to be done and will improve classroom practice #niedchat

23-Nov-11 21:08 | MrMalcontent

@MrMalcontent As a reviewer, as well as doing it myself, I think we should be given more guidance re end of yr review meeting #Niedchat

23-Nov-11 21:08 | amandasalt

@MrMalcontent It focuses the mind on whole school / ALC priorities too. Invariably ICT gets a shout every year. #goodthing #Niedchat

23-Nov-11 21:08 | daithimurray

@MrMalcontent going to suggest that in school. would make it meaningful across the board then maybe #Niedchat

23-Nov-11 21:09 | amandasalt

Q3. Many teachers are reluctant to share what they do. Why is this? #niedchat

23-Nov-11 21:09 | dmchugh675

#niedchat I used to view PRSD as a hoop to jump through. I've now bought into it. I agree with @daithimurray SD plan much more effective

23-Nov-11 21:10 | AnGaeilgeoir1

@amandasalt Agreed. But sometimes there is unnecessary hiding behind 'union' protectionism instead of facing some truths #niedchat

23-Nov-11 21:10 | MrMalcontent

Several yrs back, IWB was PRSD obj, at end of yr ICT tech found it hilarious how many didn't have interactive cable plugged in! #Niedchat

23-Nov-11 21:10 | amandasalt

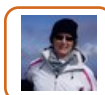

@dmchugh675 gr8 question. Difficult 2 answer. Irish teachers have damn all resources so are usually happy 2 share. My exp again. #Niedchat

23-Nov-11 21:10 | daithimurray

@dmchugh675 Could be that they have spent a lot of time designing it and want to retain credit. This is what I have observed. #niedchat

23-Nov-11 21:11 | ict4mfl

@amandasalt LOL - why do I find that so easy to believe? :) #NIEdchat

23-Nov-11 21:11 | medv2

@dmchugh675 I think that it is a N Irish thing especially, we are not a nation of show-offs & this can be seen to be showing off? #Niedchat

23-Nov-11 21:11 | amandasalt

@daithimurray Yes. I agree on that issue with Irish resources, although I would be interested in working on changing this. #Nledchat

23-Nov-11 21:12 | ict4mfl

What do we think...is there a cultural problem around sharing? #niedchat

23-Nov-11 21:13 | dmchugh675

staff paranoid about results? But just because you have great resources doesn't mean the results will come automatically anyway #Nledchat

23-Nov-11 21:13 | amandasalt

@dmchugh675 And that is very unfair. Any success is celebrated in other areas... #niedchat

23-Nov-11 21:13 | MrMalcontent

@daithimurray #niedchat 100% agree I'm lucky I've a strong dept. not everyone is in the same boat though!

23-Nov-11 21:13 | AnGaeilgeoir1

One of the biggest obstacles i've faced convincing colleagues to place material on our VLE is 'other schools might get my stuff' #Nledchat

23-Nov-11 21:13 | daithimurray

think that there is a slow but perceptable culture shift. Have set up Dropbox for NI Spanish teachers and pleased with uptake #Nledchat

23-Nov-11 21:14 | amandasalt

@AnGaeilgeoir1 Mo dhalta féin, a chara! #Nledchat

23-Nov-11 21:14 | daithimurray

@daithimurray tho they could get them anyway. eg every PGCE student leaves our dept with a copy of our resources #Nledchat

23-Nov-11 21:14 | amandasalt

@amandasalt I set up 'Resources Sharing Page' on FBook for teachers. Lots of ppl joined. V few shared anything. #Nledchat

23-Nov-11 21:15 | daithimurray

@daithimurray if tchrs learned where to find good resources would they be more inclined to share theirs? #Nledchat

23-Nov-11 21:15 | dmchugh675

cultural problem around sharing? #niedchat" Attitude of would you look at him / her!! Guess who's looking for promotion"

23-Nov-11 21:15 | AnGaeilgeoir1

I actively promote sharing. I setup a download area for lang teachers on a VLE I designed, with creative commons license option. #niedchat

23-Nov-11 21:15 | ict4mfl

@daithimurray also they could ask kids from the school that they might know, if really desperate #Nledchat

23-Nov-11 21:15 | amandasalt

#niedchat Great idea! A dropbox for maths resources would be excellent! @amandasalt

23-Nov-11 21:15 | katebook

I agree. Its one thing setting up an area for resource sharing, but its another thing actually getting people to share. #niedchat

23-Nov-11 21:16 | ict4mfl

There's also a notion of keeping resources in NI, i.e, on c2k - wouldn't it be great to share resources globally? #niedchat

23-Nov-11 21:17 | katebook

@ict4mfl Yip, you've got it in one. #Niedchat

23-Nov-11 21:17 | daithimurray

#niedchat @yacapaca have a huge variety of shared quizzes available!! Cuts down on workload - great for teachers that are tech shy and savvy

23-Nov-11 21:18 | AnGaeilgeoir1

@katebook Yes. There has to be a central place for sharing. Too many locations causes issues. #niedchat

23-Nov-11 21:18 | ict4mfl

@MrMalcontent I so want to get into all of that, cos it looks class, but I find it all so difficult to navigate and understand # #Niedchat

23-Nov-11 21:19 | daithimurray

RT @amandasalt: I feel that I get so much from the web that I need to share to pay that back, others so generous #Niedchat

23-Nov-11 21:19 | dmchugh675

RT @AnGaeilgeoir1: #niedchat @yacapaca have a huge variety of shared quizzes available!! Cuts down on workload - great for teachers that are tech shy and savvy

23-Nov-11 21:19 | daithimurray

think the same thing happening a bit with #tmbelfast re presenting tho better than I expected 'oh my ideas aren't good enough' #Niedchat

23-Nov-11 21:20 | amandasalt

#Niedchat sell it as a place to store resources that saves space maybe?

23-Nov-11 21:20 | Conneist

@AnGaeilgeoir1 Yes. Yaca Paca is great. Edmodo has quizzes feature now too. <http://t.co/jbkmfKeo> #niedchat

23-Nov-11 21:20 | ict4mfl

@MrMalcontent what is it?@daithimurray #Niedchat

23-Nov-11 21:20 | amandasalt

@amandasalt Nah! We just want to hear from other teachers. Sharing experiences is very liberating #niedchat #tmbelfast

23-Nov-11 21:20 | daithimurray

#niedchat I wish I would get observed more often and that I set prsd with my manager. I wish I could observe more teachers.
